Company Overview

Providing solutions to difficult projects since 1955, Syblon Reid is an employee-owned ESOP heavy civil contractor based in Folsom, California. We undertake a diverse array of multifaceted projects, from the construction of new facilities necessary to meet the needs of a growing population to the rehabilitation of historic and vital water conveyance and hydro generation facilities that helped build this nation. Syblon Reid offers unique opportunities to become part of a highly-skilled construction team on one-of-a-kind projects in Northern California and the western United States.

Position: Estimator

Location: Folsom, California

Salary Range: \$95,000 - \$120,000/year

Position Summary

The Estimator will perform and support others in estimating function.

Key Responsibilities

- Attends pre-bid project meetings and job walks.
- Develops and maintains contacts with clients. Interface with clients to partner and bid projects to their requirements.
- Reads and reviews all general requirements in specifications.
- Identify unique characteristics within a bid: schedules, high hazard safety requirements, penalty clauses, subcontractors, material procurement and other risk management requirements.
- Manage pre-qualification and pre-bid submissions.
- Solicits, evaluates, and selects bids from subcontractors.
- Prepare estimates to meet projects goals such as work processes, hours, schedules, specific materials, and selection of subcontractors.
- Ensures proper communications are maintained during bid process with estimating team members, general or subcontractors, engineers, and suppliers.
- Determine total cost of labor, materials, equipment, and insurance costs for projects bid.
- Accurately enter information into estimating software system during estimating process. Checks work of others involved in bid to guarantee estimating methods and accuracy are maintained.
- Ensure required bid documents are accurate, prepared per requirements and ready for submittal before bid deadline.
- Participates in project reviews and pre-project meetings with client and Syblon Reid project teams.
- Maintains estimating database to use historic costs for future projects.
- Works with project team during and after project to review job cost and execution to identify lessons learned for estimating of future projects.
- Analyzes unsuccessful bids to determine errors or corrections needed to bid future projects.
- Deals with internal and external clients in a professional manner consistent with Syblon Reid Code of Business Conduct.
